

Job opportunity

Barrenjoey*

Partnering with  BARCLAYS

Department	Fixed Income
Reports to	Head of Fixed Income Financing
Job Title	Graduate Fixed Income Trader
Desired Start Date	Immediately

About Barrenjoey

Barrenjoey is a proudly Australian financial services firm. We're majority staff-owned and locally managed, with global reach through our strategic partnership with Barclays. We're a dynamic, entrepreneurial company, aiming to deliver great ideas and results for our clients. We're also passionate about driving positive social outcomes for communities. Barrenjoey officially launched in September 2020 with the capital and funding support of our foundation investors, Magellan and Barclays. Today, we employ over 250 people and have teams based in Sydney, Melbourne and Perth.

About the Job

Barrenjoey is looking for recent graduates, or those graduating within the next year, to join our Fixed Income Trading business. Joining in 2022 (with the option of starting part-time alongside finishing at university), you will join Barrenjoey's 2023 graduate program. This will give you the opportunity to build a valuable network of your peers as you navigate the first steps in your career. To be hired into this role, no prior work experience in finance is required.

The successful candidate will learn to perform the following:

- Managing day to day repo trading
- Providing market colour
- Monitoring credit and risk limits
- Establishing and managing relationships with market counterparts
- Verifying margin calls and managing margin disputes
- Monitoring liquidity requirements and managing cash balances
- Performing in depth analysis of market changes
- Developing tools for the business to enhance efficiency and increase capabilities
- Optimise balance sheet and margin utilisation
- Calculate risk and margin requirements of portfolios
- Liaise with middle and back office to resolve breaks and potential fails

About you

Domain / Technical Skills

- Interest in financial markets
- Degree with a mathematical background
- A sound ability to program (ideally in Python, R, or VBA)

Interpersonal Skills

- Ability to communicate clearly
- Works well in a team
- Dependable and able to use critical thinking to independently come up with solutions
